YOUR RESPONSIBILITY CODE

- 1. Always stay in control and be able to stop or avoid other people or objects.
- 2. People ahead or downhill of you have the right of way. It is your responsibility to avoid them.
- 3. You must not stop where you obstruct a trail or are not visible from above.
- 4. Whenever starting downhill or merging into a trail, look uphill and yield to others.
- 5. Always use devices to prevent runaway equipment.
- 6. Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
- 7. Prior to using any lift, you must have the ability to load and unload safely. Do not jump from the lift. In the event of a prolonged stoppage, the Ski Patrol will evacuate you.
- 8. Do not go down trails that are too difficult for your ability.
- 9. If you have a collision resulting in injury to another person, you must stay with that person until Ski Patrol arrives.

PROGRAM LIABILITY RELEASE AGREEMENT PLEASE READ CAREFULLY BEFORE SIGNING.

- 1. I agree on behalf of myself and/or the minor user I am representing to accept for use, AS IS all equipment to be provided, for the duration of this program and accept full financial responsibility for the care of the equipment while it is in the user's possession. I will be responsible for replacement at full value, for any equipment not returned by the agreed date and time.
- 2. I or the minor I am representing will not use any equipment provided until instruction has been received and its use and function are fully understood.
- 3. I will make no misrepresentations concerning my or the minor's height, weight, age or skier/boarder type.
- 4. I agree that at each session I or an authorized designee will verify that the visual indicator settings recorded on the rental form agree with the numbers appearing in the visual indicator windows of the equipment listed on the form.
- 5. I understand that a ski-binding-boot system cannot guarantee the user's safety. In downhill skiing, the ski-binding-boot system will not release at all times or under all circumstances where release may prevent injury or death, nor is it possible to predict every situation in which it will release and therefore, provides no guarantee of safety. In snowboarding, skiboarding, snowshoeing and other sports utilizing equipment with non-releasable bindings, the binding system will not ordinarily release during use; these bindings are not designed to release as a result of forces generated during normal operation.
- 6. I fully understand and agree that the sports of skiing, snowboarding, skiboarding, snowshoeing, cross-country skiing and other sports, including the use of lifts (collectively "RECREATIONAL SNOW SPORTS") involve inherent and other risks that could lead to permanent catastrophic injury or death, and that injuries are a common and ordinary occurrence of the sport, therefore, I freely and voluntarily assume for myself and/or the minor I am representing all the risk involved in RECREATIONAL SNOW SPORTS, or which relate in any way to the use of this equipment.
- 7. I AGREE NOT TO SUE, TO RELEASE, HOLD HARMLESS, INDEMNIFY and DEFEND Ski Liberty Operating Corp., Ski Roundtop Operating Corp., Whitetail Mountain Operating Corp., and Snow Time, Inc., including their agents and employees, as well as the equipment manufacturers and distributors and their successors in interest (collectively "PROVIDERS"), from all liability for injury, death, property loss or damage (past, present or future), that in any way results from the use of facilities or participation in recreational snow sports or is in any way related to the use of the equipment issued to the user, including liability that results from the NEGLIGENCE OR GROSS NEGLIGENCE OF PROVIDERS or any other cause or improper conduct for which a release is enforceable by law.
- 8. I understand that a helmet designed for recreational snow sports use may help reduce the risk of some types of injuries. I recognize that serious injury or death can result from both low-energy and high-energy impacts, even when a helmet is worn.
- 9. I agree on behalf of myself or the minor child I am representing to report all injuries to the Ski Patrol before leaving the area.
- 10. I agree that all disputes arising under this contract, either for the use of rental equipment as described on the rental form, or for the use of the facilities, shall be litigated exclusively in the Court of Common Pleas of the County where the incident took place or in the United States District Court for the Middle District of Pennsylvania.
- 11. This agreement is governed by the applicable laws of this state. If any part of this agreement is determined to be unenforceable, all other parts shall be given full force and effect.

All purchases are final and nontransferable. No refunds, credits or substitutions of any kind will be issued if you fail to use or take possession of your Night Club Card for any reason, unless you have purchased a protection policy and qualify for reimbursement thereunder.

CLASSIFY YOURSELF

DETERMINING YOUR SKIER TYPE IS YOUR RESPONSIBILITY

Your skier type, height, weight, age, and ski boot sole length are used by the shop technician to determine the release/retention settings of your ski bindings. Consult these descriptions to select your classification. Be sure to provide accurate information. Errors may increase your risk of injury.

<u>TYPE I</u>	<u>TYPE II</u>	<u>TYPE III</u>
Cautious skiing on smooth slopes of	Skiers not classified as	Fast skiing on slopes of
gentle to moderate pitch.	Type I or III.	moderate to steep pitch.
Skiers who designate themselves as Type I receive lower than average release/retention settings. This corresponds to an increased risk of inadvertent binding release in order to gain releasability in a fall. This type also applies to entry-level skiers uncertain of their classification.	Skiers who designate themselves as Type II receive average release/retention settings appropriate for most recreational skiing.	Skiers who designate themselves as Type III receive higher than average release/retention settings. This corresponds to decreased releaseability in a fall in order to gain a decreased risk of inadvertent binding release. (This classification is not recommended for skiers under 48lbs.)

If from experience, you have been dissatisfied with the release/retention settings that result from your skier classification, mention this to your binding technician.

CODE OF CONDUCT

Liberty Mountain Resort, Roundtop Mountain Resort, and Whitetail Mountain Resort are committed to providing pleas-ant, family-oriented environments that can be enjoyed by all of our guests.
